

USED GRANULATORS FOR SALE !!!

Stock list: 18.01.12

Offers subject to prior sale, prices ex works f.o.t. without tax

Ref.	Make/Type of machine	Description	Suited for	Throat size mm	kW	Price EUR
New Offers						
6087	Tria 35/30	sound proof granulator, with blower 0,75 kW, pipe-work, cyclone and electric control	small parts	320x250	5,5	6.900
6074	Dreher StG 26/82	skeletal waste granulator with roller intake device, sound-proof, electrical control cabinet	thermoforming films up to 800 mm width	820x400	7,5	9.800
6083	Zerma GSL 300/400	slow rotating granulator with high-built mobile frame, suction trough, electric control	sprues, blow-moulding scrap	400x400	7,5	4.900
9150	Dreher S 42/65	very sturdy cutting mill including feed hopper and suction trough	all-round granulator	650x420	45	19.800
9153	Pallmann PSP 400/500	granulator for profiles, horizontal feeding, additional feed hopper for short pieces, complete with suction device and electric control	granulation of pipes up to Ø 150 mm, profiles and short pieces	460x185	45	29.800
9125	Weima WLKM 12-45	granulator with hydraulic pusher system, screen with hole size 10 mm, machine was refurbished in 2006, approx. 24000 hours, incl. feeding belt with metal detector, suction device and electric control	secondary crushing of all kind of pre-shredded plastic materials	1200x1200	45	28.900
9155	Weima WLK 12 + WLKM 12	grinding line Weima WLK 12, conveyor belt, magnet separator, Weima WLKM 12, electric control cabinet, approx. 1850 hours	grinding of all kind of plastics	1920x1800	130	79.000
Beside the Press Granulators						
6010	Alpine A 16/8 ROL	with big volume hopper, direct bagging, electric control	sprues and rejects	270x220	1,5	900
5937	Alpine ST 112	rotor vertical, direct bagging	sprues, rejects	250x170	1,5	900
6057	Tria 130 GT	with material discharge box, electric control	sprues, small parts, little bottles	200x150	1,5	1.100
5572	Cumberland 1722	with roller intake and additional feed opening, electric control, completely refurbished	edges, small parts	220x290	2,2	3.900
6029	Getecha GRS 181	slow-rotating 220 rpm, high-built frame, electric control	sprues, small parts	285x200	2,2	1.200
6033	Getecha GRS 182-A 1.39	slow-rotating 220 rpm	sprues, small parts	285x200	2,2	1.400
6008	Getecha GRS 182-A1.50	slow rotating, high-built frame, electric control	sprues, runners	280x210	2,2	1.400
6078	Getecha RS 183-A1.1.26	slow rotating 150 rpm, electric control	sprues, rejects	220x100	2,2	1.700
6077	Piovan RN 15/15	granulator slow rotating 198 rpm, sound proof hopper, electric control	sprues, rejects	160x160	2,2	1.400
5970	Albis MGK 2121 R-2	Beside the press granulator with suction trough incl. charging level control, electric control		210x190	3	1.400
6083	Zerma GSL 300/400	slow rotating granulator with high-built mobile frame, suction trough, electric control	sprues, blow-moulding scrap	400x400	7,5	4.900
Under the Press Granulators						
5828	Getecha GRS 126-A1.4	feeding screw 0,35 kW, suction trough, electric control	sprues, small parts	230x200	1,1	1.100
5856	Getecha GRS 182-A2.40	with suction trough, electric control	sprues, rejects	200x200	2,2	1.400
6046	Rapid 1521-A	auger feed, slow rotating, electric control	sprues, rejects	260x190	2,2	1.400
6044	Rapid GK 2218-A	auger feed, slow rotating, electric control	sprues, rejects	190x420	3	1.300

Ref.	Make/Type of machine	Description	Suited for	Throat size mm	kW	Price EUR
Cutting Mills						
6076	Alpine B 25/14 RO	granulator with vertical rotor shaft	central granulator for sprues and small parts	270x250	5,5	1.800
6087	Tria 35/30	sound proof granulator, with blower 0,75 kW, pipe-work, cyclone and electric control	small parts	320x250	5,5	6.900
6061	Condux CS 230/220-3A	granulator with suction device and electric control	edge-trimming of films	250x220	7,5	4.900
6074	Dreher StG 26/82	skeletal waste granulator with roller intake device, sound-proof, electrical control cabinet	thermoforming films up to 800 mm width	820x400	7,5	9.800
9122	Dreher S 34/41 GFS	sturdy designed cutting mill with suction blower and electric control	all purpose granulator	410x340	18,5	12.900
9137	Condux CS 300/600-4	granulator with feed hopper and suction trough	all-round granulator	600x300	22	13.400
9134	Dreher S 26/82		thermoforming films up to 800 mm width	820x400	22	9.800
9138	Condux CS 450/600-AS	granulator with feed hopper and suction trough	all-round granulator	550x620	30	14.900
9136	Herbold SMS 45/60-H5-3	all-round granulator with deflection wedge and third stator knife, refurbished	all-round grinder, also for thick -walled parts and umbs	600x450	37	34.900
9150	Dreher S 42/65	very sturdy cutting mill including feed hopper and suction trough	all-round granulator	650x420	45	19.800
9153	Pallmann PSP 400/500	granulator for profiles, horizontal feeding, additional feed hopper for short pieces, complete with suction device and electric control	granulation of pipes up to Ø 150 mm, profiles and short pieces	460x185	45	29.800
9125	Weima WLKM 12-45	granulator with hydraulic pusher system, screen with hole size 10 mm, machine was refurbished in 2006, approx. 24000 hours, incl. feeding belt with metal detector, suction device and electric control	secondary crushing of all kind of pre-shredded plastic materials	1200x1200	45	28.900
9141	Zerma GS 500/801 N-S5	granulator with feed hopper	all-round granulator	800x450	75	22.900
9116	DHB PC 66120	heavy duty granulator with double cross cutting action, feeding trough with hydraulic opening, incl. ALFOTEC feeding conveyor belt 8000x1000 mm, suction trough with screw conveyor and electric control cabinet	all-purpose granulator	1200x660	90	64.900
9117	Previero MU 508	heavy duty granulator, rotor water-cooled, with electric control cabinet, refurbished in 2008	all-purpose grinder	800x460	90	38.900
Single-Shaft Shredders						
3031	DHB DH 600-K	Single shaft shredder with special rotor and hydraulic pusher, electric control, new machine	Pre-shredding of all kinds of plastic, cables, wood etc.	785x600	18,5	19.900
3035	DHB DH 800-K	single shaft shredder with special rotor and hydraulic pusher, electric control, new machine	shredding of plastic scrap, copper cables and wood	1300x800	30	37.800
9124	Weima WLK 4 S + NZ 3	Complete Weima crusher line consisting of single-shaft shredder type WLK 4, 22 kW combined with cutting mill type NZ 3, 15 kW, with bagging device, sound proof cabinet and electric control	Crushing of all kinds of plastic material	600x900	37	24.900
Two-Shaft Shredders						
9105	MEWA UC 35	two-shaft shredder	pre-shredding	350x500	5,5	14.500
9149	DHB DH 2130 GL	slow rotating single-shaft shredder, demonstration model including electric control cabinet	pre-shredding especially for ductile and rigid materials	305x425	7,5	16.400
9106	Moco AZ 7/S	two-shaft shredder	pre-shredding	400x500	7,5	15.500
Metal-Separation						
5948	Pulsotronic MESEP 50	all metal-separator 40 mm Ø with support	metal separating from crushed materials, max. sensitivity 1,0 mm	Ø 40		700
Conveyor-Belts						
6086	N.N. FB 60/10	conveyor belt with sub construction, dimension 6000x800 mm	feeding of granulators with feeding width min. 800 mm		0	3.900

Ref.	Make/Type of machine	Description	Suited for	Throat size mm	kW	Price EUR
Various						
5885	Jöst A 16/8	vibrating conveyor 2400x200x150 mm (LXWXH), movable, manually operated, tipping device for loading, electric control	dosed charging of granulators			900
Recycling Lines						
9100	Sorema PE/PP Recycling Line, Capacity 1000 kg per hour	Recycling line for PE/PP films, capacity 1000 kg/h	PE/PP film recycling, capacity 1000 kg/h			629.000
3038	S&P BE-PET 300	PET-bottles treatment and washing plant, input 300 kg/h - Made in Germany!	Crushing, washing and drying of PET-bottles		100	on request
9155	Weima WLK 12 + WLKM 12	grinding line Weima WLK 12, conveyor belt, magnet separator, Weima WLKM 12, electric control cabinet, approx. 1850 hours	grinding of all kind of plastics	1920x1800	130	79.000
3041	S&P PET-Regranulieranlage CDE 80/35	Made in Germany - PET re-pelletizing line incl. crystallizer, single-screw extruder, continuously operating screenchanger, water bath and strand cutting	Re-pelletizing of washed and dried PET bottle flakes, capacity 300 kg/hr.		167	on request
3042	S&P BE-PET 500	PET-bottles recycling plant, input 500 kg per hour	Crushing, washing and drying of PET-bottles		171,4	339.400

IF YOU CANNOT FIND WHAT YOU ARE LOOKING FOR - PLEASE CONTACT US!

Moreover we always have on stock:

approx. 100 injection-moulding machines, approx. 200 forms and peripheral devices, more than 1000t plastic materials: virgin in original packing - repelletised - regrind

Ask for our additional lists!
